### Special Issue on Computer Image, Graphics and Application in Ubiquitous Environment

#### Theme and Scope

With the fast developments in electronics industry and the amazing growing of the potential customers, multimedia are increasingly ubiquitous: more and more people live in a world of Internet pop-ups and streaming television, mobile phone texting and video clips, MP3 players and pod-casting. Especially, there have been rapid advancements in computer graphics and game techniques and technologies.

This special issue is intended to foster the dissemination of state-of-the-art research in the area of computer graphics and game technologies that can fulfill the anytime and anywhere access dream. Original research articles are solicited in all aspects of computer graphics and game technologies including emerging trends and applications, theoretical studies, and experimental prototypes. The papers should not be submitted simultaneously for publication elsewhere. Submissions of high quality papers describing future potentials or on-going work are invited.

#### Topics of interest include, but are not limited to:

- Natural Phenomena Modeling and Simulation
- Photorealistic Rendering and Animation
- Non Photorealistic Rendering and Animation
- Image Based Modeling And Rendering
- Physical Based Modeling and Animation
- Real-time Rendering
- Scientific and Information Visualization
- Mobile Graphics and Smart Device Applications
- GPU and Graphics Systems
- Virtual Reality / Augmented Reality
- Stereo-Image and 3D Vision
- 3D Reconstruction and Representation
- Facial and Hand Gesture Recognition
- Graphical User Interface / User Experience
- Human-Computer Interaction
- Interactive Media Art
- Multimedia Contents
- Online, Multi-user, and Mobile Games

#### Instructions for Manuscripts

This special issue aims to foster state-of-the-art research in the area of computer graphics and game technologies in ubiquitous environment. The submitted papers must be written in English and describe original research which is not published nor currently under review by other journals or conferences. Author guidelines for preparation of manuscript can be found at <http://jit.ndhu.edu.tw/preparation2.php>. The covering letter should indicate the names of the authors and their affiliations, addresses, faxes, and e-mails. Authors can refer to sample format can be download from <http://jit.ndhu.edu.tw/doc/002.doc>. Prospective authors should submit full manuscripts with MS Word format, .doc, electronically by e-mail to Guest Editor, Dr. Sang Hyun Seo at [shseo75@gmail.com](mailto:shseo75@gmail.com)

#### Important Dates

Manuscript submission deadline: February 15, 2012  
Notification of Acceptance/Rejection/Revision: June 30, 2012  
Final Manuscript Due: July 30, 2012  
Tentative Publication Date: 1st or 2nd Quarter, 2013
