### OVERVIEW

The 3rd International Conference on Human-centric Computing (HumanCom-10) will be held in Cebu, Philippines on August 11-13, 2010.

The HumanCom-10 will be the most comprehensive conference focused on the various aspects of human-centric computing for advances in computer science and its applications. The HumanCom-10 will provide an opportunity for academic and industry professionals to discuss the latest issues and progress in the area of human-centric computing.

In addition, the conference will publish high quality papers which are closely related to the various theories and practical applications in human-centric computing. Furthermore, we expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject.

The HumanCom-10 is the next event, in a series of highly successful International Conference on Human-centric Computing, previously held as CSA-09, Korea, December 2009 and CSA-08, Australia, October 2008.

### TOPICS

We are inviting new and unpublished papers on, but not limited to, the following topics:

- Track 1. Human-computer interaction and User-centered Design
- Track 2. Social computing and social intelligence
- Track 3. Ubiquitous computing and mobile systems
- Track 4. Gaming
- Track 5. Computer-assisted Learning and Cognition
- Track 6. Privacy, Security and trust management
- Track 7. Human-centered Evaluation
- Track 8. Information Visualization and Visual Analytics
- Track 9. Semantic Systems

### PAPER SUBMISSION AND PROCEEDING

There will be a combination of presentations including scientific papers. Prospective authors are invited, in the first instance to submit papers for oral presentation in any of the areas of interest for this conference. Authors should submit a paper with 4-6 pages in length, including all figures, tables, and references. Authors are strongly recommended to submit the full paper or the regular paper for further journal recommendation. Conference Proceedings will be published by IEEE Press (IEEE eXpress Conference Publishing group).

Please use the IEEE Conference Proceedings format (US letter size, available for download here: IEEE Manuscript Templates for Conference Proceedings) for submission.

HumanCom-10's submission web site : <http://www.editorialsystem.net/humancom2010/>

Distinguished papers accepted and presented in HumanCom-10, after further revisions, will be published in the special issues of international journals.

- Information Sciences - Elsevier (SCI, Impact Factor: 3.095)
- Information – International Information Institute (SCIE)
- International Journal of Information Technology, Communications and Convergence (IJITCC) - Inderscience

In addition, good papers from Korea authors will be recommended to international journals indexed by KCI-E in NRF-K.

- Journal of Information Processing Systems (JIPS)
