The 2nd International Conference on Information Technology Convergence and Services (ITCS-10) will be held in Cebu, Philippines on August 11-13, 2010.

The ITCS-10 will be the most comprehensive conference focused on the various aspects of advances in information technology convergence, applications, and services. The ITCS-10 will provide an opportunity for academic and industry professionals to discuss the latest issues and progress in the area of ITCS. In addition, the conference will publish high quality papers which are closely related to the various theories, modeling, and practical applications in ITCS. Furthermore, we expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject.

The ITCS-10 is the next event in a series of highly successful international symposium on IT and its Applications (ITA-09), previously held in Jeju, Korea on December 10 - 12, 2009.

Topics

We are inviting new and unpublished papers on, but not limited to, the following topics:

Track 1. Advanced Computational Science and Applications

Track 2. Advanced Electrical and Electronics Engineering and Technology

Track 3. Intelligent Manufacturing Technology and Services

Track 4. Advanced Management Information Systems and Services

Track 5. Electronic Commerce, Business and Management

Track 6. Intelligent Vehicular Systems and Communications

Track 7. Bio-inspired Computing and Applications

Track 8. Advanced IT Medical Engineering

Track 9. Modeling and Services for Intelligent Building, Town, and City

- See more details : <http://www.ftrai.org/itcs2010/>

Submissions and Proceedings

There will be a combination of presentations including scientific papers. Prospective authors are invited, in the first instance to submit papers for oral presentation in any of the areas of interest for this conference. Authors should submit papers with 4-6 pages in length (Max. 8 pages, extra charges for two pages). Conference proceedings will be published by IEEE Press (IEEE eXpress Conference Publishing group).

Please use the IEEE Conference proceedings format (US letter size, available for download here: IEEE Manuscript Templates for Conference Proceedings) for submission.

Distinguished papers accepted and presented in ITCS 2010, after further revisions, will be published in the special issues of the following international journals:

- The Journal of Supercomputing (JoS) - Springer (SCI)
- Multimedia tools and applications (MTAP) - Springer (SCIE)
- Information - International Information Institute (SCIE)
- International Journal of Information Technology, Communications and Convergence (IJITCC) – Inderscience

In addition, good papers from Korea authors will be recommended to international journals indexed by **KCI-E** in NRF-K.

- Journal of Information Processing Systems (JIPS)

All submissions must be made electronically :
